

Keith Oldendorf

Deutsches Haus member since 1990.

Life member.

I have served on the Deutsches Haus Board of Directors for over 20 years, serving in various positions on the Board, Secretary, Vice-President and President of Deutsches Haus from 2004 – 2016.

Currently, I have served as President for the last two years. During that time I have worked to improve regular food service at the Haus by creating and maintaining a full menu and consistent food quality.

I have served on numerous committees, Oktoberfest Committee, Entertainment Committee, Decorations Committee, Fund Raising Committee, Bylaws committee, Finance committee, and Membership committee.

I am retired after 32 years of working as a Nuclear Medicine and Ultrasound Technologist at West Jefferson Medical Center. I was also Head of both Nuclear Medicine and Ultrasound departments for 10 years.

I also served as President of the German Heritage Festival Association (a partner organization of the Haus) directing and organizing the Annual Oktoberfest parade until 2010. The parade helped to kick off the annual Oktoberfest at the Haus.

I would like to continue my service to the Haus by bringing knowledge of the past and new ideas for the future.

I want the Haus to continue to improve operations, and to guarantee the longevity of the Haus.
